

Federal State Budgetary Institution
NATIONAL MEDICAL RESEARCH CENTER OF
CARDIOLOGY NAMED AFTER ACADEMICIAN
E.I. CHAZOV
Ministry of Health of the Russian Federation

<https://www.cardio.ru/>

About us...

Worldwide recognition

For the first time in the world, an intracoronary thrombolysis was performed in our Center for a patient with myocardial infarction in 1975. This method forever changed the principles of myocardial infarction treating and saved millions of lives worldwide.

Uniqueness

FSBI "NMRCC named after ac. E. I. Chazov" of Russia Health Ministry is the main research and clinical center of cardiology in Russia since 1945.

Medical care

The Center provides a full range of highly qualified cardiovascular medical care in accordance with international clinical guidelines.

Doctors

Our doctors are opinion leaders of cardiovascular diseases not only in Russia, but all over the world.

Equipment

The center has world-class equipment that allow to undergo a cardiological examination quickly and comfortably, which will help the doctors assess the cardiovascular complications risk, develop an optimal concept for the patients treatment and rehabilitation.

Experience

We provide medical care to patients from all over the world and each of our patients receives high-quality medical care in comfortable conditions, according to high international standards.

Our benefits...

1. In our center is carried out scientific research, are developed new methods and drugs for cardiovascular diseases treatment, actively introduced advanced domestic and world technologies
2. We perform innovative cardiovascular surgeries, including transcatheter methods and advanced technology on heart valves, pulmonary arteries angioplasty, various types of ablations for treating arrhythmias, hybrid minimally invasive interventions and "large" cardiac surgery
3. We adhere to high quality and safety standards of medical care
4. We adhere to the principle of an individual approach to treatment, building partnerships between the patient and doctor
5. We provide medical care according to a uniform price list, including foreign patients
